

Here's to a Healthier Decatur

At Parkway Medical Center, our goal is to deliver the best healthcare available in Decatur and the surrounding areas. With the help of our dedicated physicians, nurses and healthcare professionals, along with your ongoing encouragement and support, we continue to move forward. Parkway Medical Center is proud to be an integral part of this great community and to play our role in helping it be the best it can be.

Delivering quality healthcare is a major part of the contribution we make, but there are many other ways our hospital makes a positive impact on our community.

Capital Improvements

In 2010 we renovated and opened Milestone Pediatrics at Parkway to house two new physicians. We also renovated and opened Parkway Women's Care to also house two new physicians. Along with this renovation and expansion we purchased a 4-D Ultrasound.

In fact, we invested over \$581,000 in our facilities last year which, in addition to the above, included technology replacement, information technology additions/updates, and routine facility upkeep and maintenance.

Contributing To Our Local Tax Base

Last year, Parkway Medical Center paid over \$790,000 in taxes which helped to support our city, county and state. This included sales taxes as well as property taxes. These dollars help to support local schools, development of roads, recruitment of business and industry, and other needed services.

Helping Those In Need

Parkway Medical Center provided over \$129 million in uncompensated care last year, which included the amounts not covered by government-sponsored programs such as Medicare and Medicaid. This amount also includes more than \$13.5 million for charity care, discounts for the uninsured, and bad debts, incurred as we cared for many people without sufficient resources.

Adding New Physicians

During the past year, Parkway Medical Center added four new physicians to our highly respected medical staff: Tanya de laVergne, M.D., Pediatrician, Robyn Johnson, M.D., Pediatrician, Mistye Taylor, M.D., OB/GYN, and Rachel Kennedy, D.O., Family Medicine.

One Of Our Community's Major Employers

Providing an annual payroll of over \$19.4 million to 404 employees, Parkway Medical Center is one of the largest employers in this region. We thank you for choosing us for your healthcare needs. With your support, together we can make an even greater hospital and a healthier community.

Timothy W. McGill, CEO
Parkway Medical Center

Community Benefit Report 2010
